CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Natural Gas For State Is Assured

WASHINGTON — Industry of-ficials are moving rapidly toward completion of arrangements for a completion of arrangements for a 2,100-mile pipeline system to bring Florida its first statewide natural gas service after unanimous action by the Federal Power Commission they described as a "major vic-

tory."

FPC ruled that the applications have met the "basic conditions" of their certificate, dismissed all motions for rehearing, approved several modifications sought by the pipelines and allowed an additionad 30 days to adjust certain particulars as to a few rate require

Ments. Houston Texas Gas & Oil Corp. and Coastal Transmission Corp., joint applicants for the \$150 million project, now expect to com-plete financing arrangements and construction of the line from the lower Rio Grande valley to south-ern Florida in time to inaugurate

service by the summer of 1958.

Unusual interest has developed in the project from predictions made recently in another hearing before FPC, that no other new inbefore FPC, that no other new in-terstate pipeline may be success-ful in obtaining adequate gas re-serves under present federal regu-lation of producers. Demand for the service in Florida has been increasservice in Florina has been incleas-ingly strong because fo the state's virtual dependence on fuel oil, which has been subject to substan-tial price increases recently, and the fact that this represents the at rapidly growing area in the

opposing intervenors who lost their fight for rehearing were the New York State Public Service Commission, Atlantic Coast Line railroad and the Florida Economic Advisory Council, the latter a re-cently-formed group of dealers in competing fuels.

Fire Poppers Send Two To Hospital

Cosmalties are reported in the Pahokee area in the guerrilla warfare being waged by raiding flocks of blackbirds which swoop down on fields of maturing sweet corn and peck open the ears, eating just enough of the succulent kernels to make the ears unmarketable.

make the ears unmarketable.

Two of the "bang-bang" boys who patrol the fisch from daylight to dark, trying to keep the birds on the wing by setting off countiess high-powered firecrackers salutes, were injured the past week when they were too slow in releasing the lighted salutes and were admitted to the Everglades Memorial. Hospital for treatment. Gordon Watkins (White), an employe of Vandegrift-Williams Farms, Inc., suffered a severly burned and lacerated left hand. He was able to return home Tuesday after five days in the hospital.

Walter Childress (Negro), an employe of Edgar Wilder. Farms, is still a patient in the hospital where he is being treated for burns and lacerations on his left hand and left fide of his face and body.

Hearings Are Set On Zoning Plan

Tentative maps of the county Zoning District are now on display at all public hearing sites, Zoning Commission Chairman Roy Michael, Jr., told the County Commission Monday.

He said that advertisements of the public hearings have been published in papers throughout the county and that copies of the tentative zoning regulations are now available to all interested persons.

The hearings, all to held between 1-7:30 p. m., are: Monday, March 11, County Barn, SR15 between Belle Glade and Pahokee; Tuesday, March 12, Delray Beach City Hall; Wednesday, March 13, Riviera Beach Town Hall; Thursday, March March 12, Deiray Beach CLY Han, Wednesday, March 13, Riviera Beach Town Hall; Thursday, March 14, Palm Beach Junior College Cafeteria; Friday, March 15, Coun-ty, Agricultural Building, Military Trail.

Last Rites Held For Mattie Friend

eral services for Mrs. Mattie M. Friend, 81, a former Pahoker resident, will be held at the River-side Christian Church; Wichita Kans, this Friday at 2 p. m., with the Co. E. Gill, pastor, and the Rev. A. R. Hagen of the First Seventh Day Adventist Church, of-

Mrs. Friend died at St. Francis Hospital, Wichita, Wednesday at 5:30 p. m. after an extended illness. She was a native of Kansas, daugh ter of Mr. and Mrs. John Jones who were among the early settlers who made the run for the Oklahoma strip. She spent several winter seasons in Pahokee and made many friends during her stay here. Her cheery disposition was an inspira-tion to all who knew her. A practical nurse, Mrs. Friend

learned textile painting at the age of 70 and served as instructor in painting to her friends. She was a member of the Riverside Christian Church and the Pahokee Chapter, Order of Eastern Star.

Order of Eastern Star.
She is survived by two sons, Harold W. Friend and Earl F. Friend,
both of Wichita; two daughters,
Mrs. Leah F. Isenhart, Denver,
Colo., and Mrs. Esther F. Hundley,
Pahokee; nine grandchildren and
12 great grandchildren.
The family suggests that memorials be donated to the Methodist

ials be donated to the Methodist Church Building Fund of Pahokee on the American Cancer Society in-stead of sending flowers.

Eagle Scouts On Free Fishing Trip

The four Eagle Scouts of Paho-kee Boy Scout Troop 28, Kenneth Williamson, David Watkins, Car-roll Watson and Joey Alderman, accompanied by Scoutmaster Louis Mims, enjoyed a deepsea fishing trip in the waters off Key West Over the weekend.

At Key West they engaged the services of the charter fishing boat, May West, and traveled almost a

services of the charter fishing boat, May West, and traveled almost a third of the way to Cuba in the Florida Straits in the search for the "big ones." They caught 26 fish in all, including barracuda, grouper, mackeral and jack.

The expense-free trip for the Eagle Scouts was arranged by the Lions Boy Scout Committee, host.

Flood Control In Two New Areas

WEST PALM BEACHwest falm Beach—central and Southern Florida Flood Con-trol District accepted two major works for operation and mainten-ance this week, according to an an-nouncement by its governing board. Completion of Levees L-25 and

L-8 strengthens water control measures in two areas south and east of Lake Okeechobee.

Levee L-25 is the first of three levees to be completed in improve-ments to the Miami canal between Lake Okeechobee and the Brow-ard County line. Extending from Lake Okeechobee at Lake Harbor Lake Okeechobee at Lake Harbor's
southward for approximately seven
miles, Levee L-25 and the adjacent
canal provides water control for
the tributary agricultural area
and has a capacity to contain regulatory discharges from Lake Okeechobee. Its water control functions
include removal of excess rainfall,
emphyling irrigation water obtain. supplying irrigation water obtained by gravity flow from Lake Okeechobee and protection of land adjacent to canal from overflow. Optimum water elevations will, in-

sofar as possible, be maintained.

Levee L-8 also has a canal running along its entire length. Extending north from the West Palm canal for habout 4 miles Levee L-8 turns to the northwest for approximately 18 miles and runs west for nearly 4 miles to Lake Okeechobee. The canal will both carry flood waters off agri-(continued on page 8:

din's motion that the 1956 Delin-quent Tax List be published in the Belle Glade Herald, and that the Board of Equalization notice be published in the Palm Beach Post

******* **Cinematic Chatter**

By Malcolm Millar

Hello everybody! Film star Vincent Price has joined the "do-it-yourself" novement, collecting works of art. The collection is be-ing done without benefit of agents or experts. Price does his own judg or experts. Price does his own judg ing, pricing and purchasing. "I see no novelty in doing all this", Price says. "Almost anyone with a sensitive liking for good sketches, canvassas, statuary, could do it. Actually there seems to be a revival of interest in painting and scultping. Art collecting, of course, goes along with the trend." Despite his modesty Price if no ardinary collector. with the trend." Despite his modesty, Price if no ordinary collector. Although not generally known, he is an accomplished "do-it-yourself" artist and art authority having studied works of "old masters" in mo st European galleries. "It doesn't cost a fortune to collect art," Price said. "Paintings, for instance, are of value not so much for the money they represent as for the good taste and enjoyment they reflect." Frequently between picture assignments Price tours the antique shops and second hard stores. Some times he finds an article that enhances his collection. Occasionally he has been thrilled to ticle that enhances his collection. Occasionally he has been thrilled to discover that the \$50 sketch by an unknown artist was really worth many times that amount. Yes, Price is not only an artist in the portrayal of the many characters he assumes in pictures, but he is a very good artist in his own right See you at the movies—Mal.

Phone Company In

The Southern Bell Company had its greatest year of expansion in 1956, according to the Company's annual report, which Company's annual report, which was received in Belle Glade-Paho-

The report was released here by E. F. Reddy, District Manager of Southern Bell, which serves Belle Glade-Pahokee and 72 exchanges in

Florida.

The annual report for the Company was made by Fred J. Turner, Chairman of the Board, for the directors. Mr. Turner revealed that the Company added 462,000 telephones in its nine-state area and was operating 5,358,000 telephones at year-end. The Company connected 1,558,000 telephones in cluding 456,000 moved from one local address to another.

In Florida, the report showed, 116,000 telephones were added—an increase of 15 per cent. Since 1946, the number of telephones in the state has increased by over 220 pany was made by Fred J. Turner.

the state has increased by over 220 per cent—from 278,000 to 892,000. Manual exchanges at New Smyrna, Chipley and Deland were converted to dial and an additional dial office was opened at Fort Lauderdale. There are 11,795 employees in Flor-

ida.

Equipment permitting operator dialing of long distance calls was introduced in 3 additional cales. Al-most 50 per cent of long distance calls originating in Southern Bell exchanges are now being dialed di-

rectly by long distance operators.

During the year 40 central offices, with 150,000 telephones, were fices, with 100,000 telephones, were converted to dial operation, bringing, 88.9 per cent of the Company's telephones to dial operation.

Mr. Turner said in the report that the Company spent over \$1.700.000 and working day last year.

000,000 each working day last year in constructing telephone facilities, or almost \$312,000,000. The Com-pany's total investment in tele-phone facilities grew to more than \$1.7 billion.

On an average day last year, about 767,000 long distance calls and 33,000,000 local calls were handled.

The number of employees in-

creased to over 69,000 and the Company, operating in 1,071 exchanges paid Southerners at total of \$266, 000,000 in wages-almost \$32,000, 000 more than in 1955 .

000 more than in 1985.

The Company paid almost \$119.000,000 in 'taxes to Federal,' state and local governments. Its customers paid an additional \$55,000,000 in excise taxes, bringing the total tax on telephone service to about \$174.000,000. This is equal to about \$2.34 per Company telephone per month. As a result of increased costs and the increased investment per telephone, "telephone rates paid by "telephone rates paid by "telephone rates paid by "telephone."

and the increased investment per telephone, "telephone rates paid by customers in the overall do not adequately meet today's costs of providing the service." the report declares. Consequently, the overall Company earnings in 1956 were not what they should have been and were lower than those of businesses in general in the South, the report

Of anticipated continuing grow-th, the report said, "present indi-cations are that facility additions equal to or greater than in 1956 will be needed in each of the next sev-eral years if we are to supply the market for service in the South."

Water for irrigation, ground water recharge and prevention of salt-water intrusion is impounded in three FCD conservation areas.

Officials report the most suc-cessful Flordia Citrus Exposition ever held with the close of the cit-rus show last week. Perfect weath-er throughout the Festival period helped swell attendance.

Southern Bell Co. Will Issue Bonds

The Board of Directors of Southern Bell Telephone and Telegraph Company Monday, February 25, authorized the issuance of \$70,000,-000 in 29-year debentures, to be dated June 1, 1957, President Ben S. Gilmer announced. It will be the second largest bond issue in the Second largest bond issue in the Company's history.

The debentures will be offered

for sale at competitie bidding, with bids to be opened on or about June 18. A registration statement will . 18. A registration statement will be prepared for filing with the Se-curities and Exchange Commission in the latter part of May. The First American National Bank of Nashville, Tennessee, has been designated as trustee.

been designated as trustee. President Gilmer said the funds will be used in connection with Southern Bell's construction program designed to meet the continuing heavy telephone demands in the South. Southern Bell serves Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

Pick your savings target and shoot straight for it!

A home ... financial security ... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest-3% compounded semiannually when held to maturity (9 years and 8 months) -they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

nment does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

FORD IS AMERICA'S WINNINGEST CAR!

For 1957, Ford's off to a flying start on the NASCAR Short Track, Convertible and Grand National Race Circuit—with more points than all other cars combined!

And now-just in from Daytona-seven more Ford firsts!

- A 300-hp 1957 Ford V-8 out-accelerated all other low-priced cars in the standing mile competition.
- A 1957 Ford Sunliner outclassed all other low-priced cars in the 160-mile National Convertible Championship Race.
- A modified Ford Thunderbird, running in the Experimental Class, outaccelerated every other car in NASCAR history.
- A modified Thunderbird topped every American Sports Car, finished first in its class and placed second to Europe's fastest sports car at the National Amateur Sports Car Race.
- A standard production Thunderbird took first place in the flying mile outperforming all sports cars made in America.
- A modified Thunderbird won the flying mile in the fastest time made by any car at Daytona this year.
- And a Ford Thunderbird topped the field in acceleration from a standing start in Modified Sports Car Class B.

It was Ford Thunderbird power that set a new stock car record at Indianapolis, too . . . and powered the '57 Ford to 458 world endurance records at Bonneville, Utah.

Christian Science Group Of Canal Point

The vital significance for people today of Jesus' healing works will be emphasized at Christian Science services this Sunday.

Scriptural pasages in the Lesson-Sermon entitled "Christ Jesus" will include the Master's reply to the disciples of John Baptist who questioned his mission (Luke 7:22): "Then Jesus answering said unto them, Go your way, and tell John what things ye have seen and heard; how that the blind see, the lame walk, the lepers are cleansed lame walk, the lepers are cleansed the deaf hear, the dead are raised, to the poor the gospel is preached." From "Science and Health with

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (131:25 30): "The mission of Jesus confirm-ed prophecy, and explained the somiracles of olden time as natural demonstrations of the di-vine power, demonstrations which were not understood. Jesus' works established his claim to the Mes-

Jet Airport Gets The Green Light

County Commissioners Monday voted to appoint two appraisers to start appraising the 4,000-4,500 acre of land for the new county jet airport site, located west of SR7

and north of SR80.

Commission Charman Kenneth
P. Foster told the board that "this iet airport is a very ambitious plan

and the land acquisition presents many problems."

He asked the board to consider the problem and "present your suggestions for the best way in which to get this land; frankly," he con-tinued, "at's a tough problem to ascertain the best possible way in

which to acquire this acreage."

He estimated that the land will cost "about \$350 per acre, or a total of about \$1,350,000."

or about \$1,300,000."

The landowners concerned "are working very closely with us on this", Foster said, adding that the board will meet soon with them to discuss the problem thoroughly.

CARD OF THANKS

We wish to express our deep ap-preciation for the many kindnesses shown to us in our recent bereave-ment, including the calls, prayers, flowers, cards, food, and other exressions of friendship. May God

bless each of you.

THE **Right** MIX FOR EVERY JOB

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds winch you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too. eaving 3%, compounded semianmually.

The Bond you got for \$18.75 can now pay you \$33.67...a \$37.50 Bond will be worth \$67.34...and so ou.

Of course, any Series E Bond may still be sedeemed at any time after you have held it for two months. But, like any other form of eaving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90... in 9 years and 8 months, you'll have \$2,850.70... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's sefe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid your interest as current incomeinvest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and or 30 days notice. Matures m 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual fimit \$20,000.

Now even better! Invest more in Savings Bonds!
